MLS Announces Expansion to the Development Team

Arlington, TX (December 2009) – MLS Data Management Solutions announced the expansion of its Development Team to include four key employees. “Due to the anticipated growth for our company, we felt it necessary to add new talent to our current development team,” said Brent Lintz, Director of Information Management. “This will allow MLS to focus on developing innovative technologies that will enhance our value position with our customers.”

Listed below are the new additions to the development team during the 4th Quarter of 2009:

Candace Patmon-Griggs joins MLS as a Senior Project Manager. With over 14 years of software development leadership experience, she effectively launched consumer products and services for well known companies such as Ohh Media, Southwest Airlines, T-Mobile, Verizon, and Southwestern Bell. She has demonstrated a unique flair for managing cross-functional resources, implementing programs involving product development, marketing, and platform and infrastructure implementations. Candace is a certified Project Management Professional (PMP) and has a BBA in Management Information Systems from University of Oklahoma.

Todd Azbill joins MLS as a Senior Programmer Analyst. Azbill brings to his role a successful track record of 8 years within the IT industry. His previous work experience includes Senior Programmer Analyst for XTO Energy and Managing Consultant for Sogeti/Sark. Todd has also earned recognition of receiving the Microsoft Certified Applications Developer based on his superior programming abilities. Todd earned his computer science degree from Northeastern State University.

Clint Boswell joins MLS as a Senior Programmer Analyst. Boswell has 14 years of experience and brings an in-depth understanding of designing and implementing powerful applications. He was formerly employed by British Telecom as a Senior Consultant, SBC Communications as Systems Manager, Software Architects as Senior Consultant, and GameStop as Project Manager/Developer. Clint is a member of the Dallas.Net Users Group and a graduate of University of Texas at Arlington with a B.S. in Information Systems.

Casey Kramer, also joins MLS as a Senior Programmer Analyst. Kramer brings over 13 years of experience to the company. His impressive track record includes serving as Senior Software Engineer at Envisage Technologies, Senior Consultant at elmagine Technologies, and Senior Consultant at Software Architects. Casey is a Microsoft Certified Solution Developer and member of the Agile Manifesto. Kramer is a graduate of DeVry University in Columbus, OH.
